Relevant Experience

Front-End Developer - The Creative Momentum - Atlanta, GA - August 2016 - Present

- Collaborate with the team and clients to build to develop the front end of a roster of clients such as Arby's, Dian Fossey Gorilla Fund, InterContinental Hotel Group, and Varsity.com.
- Facilitate transition from design to implementation, in consultation with designers and project managers, in order to minimize errors and improve efficiency.
- Standardized software development best practices within the company.
- Developed code for carousels, tickers, rotating headers, form validation and animations.
- Developed fully functional responsive websites based on business requirements using HTML/HTML5, CSS3, JavaScript, JQuery and 508 Compliance.
- Developed website mockups for clients to ensure quality control and client satisfaction before project development phase.
- Followed Agile development and consistently delivered new features on time during sprints.

Front-End Developer - Birch Communication - Atlanta, GA - March 2016 - August 2016

- Managed the rebranded website of Birch.com and Tempo Telecom.
- Publish content for the corporate website and review, analyze and report on weekly web usage and lead generation statistics.
- Created HTML email templates and newsletters for email marketing campaigns.

Front-End Developer - Blue Key Interactive - Duluth, GA - March 2014 - March 2016

- Collaborated with a small team to build all front-end aspects for a variety of clients such as Hifi-Buys, Crawfish Shack, and Diocese of Bridgeport.
- Participated in various states of website creation from wireframe to UX to animations.
- Worked with the project manager and other teams to ensure deadlines and goals are met.
- Leveraged responsive web frameworks to consistently complete product deliverables ahead of schedule.
- Mentored interns to help them learn HTML, CSS, and PHP.

Front-End Developer - Eclipse Web Media - Duluth, GA - September 2012 - March 2014

- Promoted from entry-level Web Developer to Junior Web Developer.
- Focused on HTML, CSS, jQuery and PHP.
